## NEARING THE NORMAL.

Seventh Day Finds Bay City Sitting Up and Taking Notice.

Charitable Committees Send Joint Telegram Informing the President of Impartiality.

(BY THE ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, April 24.—This was the seventh day since the earthquake jarred the city so severely and started the fires that laid it in ashes, and, as with the preceding day, Tuesday took up the accumulated impetus of Monday and added such volume of force of its own that Wednesday will dawn on a situation that is a long way toward the normal.

Such marts of trade that remained unburned were opening for the transaction of ordinary business. Temporary structures were being run up for the accommodation of others; clearing of the devastated area of its ruins was well under way; the inquiry into the condition of the bank vaults was completed; the organization and preparation for service of the street railways were so far advanced that the company expressed its readiness to resume business as soon as the Mayor would permit; the water company announced the completion of such repairs as enabled it to supply a total of 12,000,000 gallons daily—in fine, there was all the evidence to put at rest, now and forever, the fears of those who predicted that San Francisco would never rise again.

The citizens of San Francisco had done so splendidly in the face of such an appalling catastrophe that some little consternation was created this morning when the President's proclamation was read turning over to Dr. Edward Devine of the National Red Cross Society the management of relief measures and the distribution of the great funds so generously appropriated.

### INFORMING THE PRESIDENT.

Reflection, however, brought the conviction that the truth had not reached the President, and a special message was sent to him signed by the constituted authorities, recounting the exact facts. The message was as follows:

SAN FRANCISCO, April 24.

President Theodore Roosevelt, White House, Washington, D. C.

All reports that the people or the officials of the relief committees of San Francisco are making any distinction in relieving, succoring or protecting the Chinese or any other peoples differing in race or color are totally false and entirely unfounded. The committees, and even the homeless sufferers themselves, are treating the Chinese and all other fellow unfortunates with the consideration and kindness worthy of our civilization and country. The people of San Francisco are striving with all their heart to relieve their destitute, care for their sick, protect their helpless and uplift their stricken, irrespective of race, creed or color, in accordance with the dictates of humanity, in a manner worthy of Americans and in the common brotherhood of man. Please give press.

(Signed) E. E. SCHMITZ, Mayor.

W. W. MORROW, President Red Cross.  
T. J. SYMMES, President Merchants Association.  
J. D. PHELAN, Treasurer Relief Committee.  
RABBI VOORSANGER, Committee Relief of Hunger.  
KATHERINE C. FELTON, Secretary Associated Charities.  
FAIRFAX H. WHEELAN, Committee Sick and Helpless.

The work of housing and feeding the homeless and of reconstructing the sanitary conditions, already so far advanced Monday, was carried on with tremendous energy. It is certain that no one is hungry in San Francisco tonight, unless he is wilfully so. There is food for all, and the method of distribution has been so perfected that it is within reach of all.

QUITE WELL, THANK YOU. As for health and sanitary conditions, they are, considering all circumstances, excellent. An investigation of the sewers has shown that they were not as badly damaged as was feared, and where there were breaks these have been repaired. There has been no outbreak of disease of a contagious character, nor is any feared, and as for those pulmonary diseases that might be expected to be prevalent in such a crisis, they are chiefly notable by their absence. The hospitals, which, in the first few days, were crowded by great numbers, are discharging them by the score. These facts speak in stentorian tones for the energy and skill of the physicians and surgeons and nurses who have had these institutions in their charge.

IN GREEN AND GOLD. In the great green stretches of the Golden Gate Park, famed the world over for its beauty, there have arisen frame shelters for 4000 people. No millionaire in the land has so magnificent a setting for his home as have these walls of the great San Francisco fire. There are still some who are tenting on the same grounds, but this is purely a matter of choice. There is still considerable want of blankets, bedding and cots, and when this has been met, as possibly it will be within the next twenty-four hours, the condition of these unfortunates will, in view of all that has happened, be almost ideal.

### KEEPING HER PEOPLE.

For some days, San Francisco showed unwonted eagerness to get rid of its people. That period has passed. There is no further anxiety, when the measures of relief under way throughout the country are considered, that she will not be able properly to care for all those who remain. Of the able-bodied mechanics and laborers she has special need, and she is making every endeavor to hearten them and induce them to come. They are answering her call nobly.

WAIT FOR BANKS TO COOL. While there was an inspection, today, of the bank vaults in the burned

## BANK DEPOSITS SAFE.

Officials Arrange to Pay People In Full at the Government Mint.

Important Meetings of Financiers and Heads of Civic and Military Departments.

(BY THE ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, April 24.—The high officials of the commercial banks of San Francisco held another meeting this morning. The principal business transacted by the bankers was the proposition to appoint a general committee of nine, with full powers to provide means for paying depositors and in general to make all necessary arrangements for the resumption of business in every branch by the banks.

After the meeting of the bankers, Homer S. King, president of the Clearing House Association, who is presiding at the present conference, said: "We have made arrangements to pay out funds as rapidly as possible, and to this end we have reached an understanding with the United States Officials whereby the money will be paid at the mint. Details of the plan have not been fully worked out, and we will not be able to pay out any money for several days."

President King denied the published report that the Bank of California would remove to Oakland. He said that no San Francisco bank would change its headquarters to across the bay. The savings institutions are deferring in all respects to the commercial banks and the full plans of the latter are awaited before a definite policy of action is decided upon.

### STOCK EXCHANGE QUARTERS.

The San Francisco Stock and Exchange Board, which was burned out and waiting for the first move to be made by the banks, has opened temporary quarters at No. 1407 Gough street. An executive session will be held in a few days, to decide upon the date of resumption of business. The Goldfield Exchange was closed immediately on receipt of news of the catastrophe.

### GENERAL COMMITTEE MEETING.

It was announced at the meeting of the General Committee, today, that Dr. Devine, who has been placed in charge of the Red Cross work, had arrived and would immediately confer with Mayor Schmitz.

There seemed some fear on the part of the committee that the President's proclamation turning over matters to Dr. Devine would put the municipal committee in the background, but the committee has been assured by Congressman Kahn that Dr. Devine has been sent to co-operate with them. U. S. Circuit Judge W. W. Morrow, made the same statement, saying that he had been in communication with Secretary of War Taft by telegraph.

A general conference was held at Fort Mason, today, by Mayor

# THREE HEROES SAVE REMAINS OF CITY.

With a Ton and a Half of Gun Cotton  
They Assail Fire Demon.

Story of the Valiant Stand at Van Ness Avenue.  
Gunners Sent By Admiral McCalla Blow Up a Mil-  
lion Dollars' Worth of Property But Break the Flam-  
ing Maniac's Back—Conditions Existing Today.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, April 2.—Three heroes saved San Francisco what is left of it. They were the dynamite squad that threw back the fire demon at Van Ness avenue.

When the burning city seemed doomed, and the flames lit the sky farther and farther to the west, Admiral McCalla sent a trio of his most trusted men from Mare Island with orders to check the conflagration at any cost to life or property. With them they brought a ton and a half of gun cotton. The terrific power of the explosive was equal to the maniacal determination of the fire.

THE "DAUNTLESS THREE."  
Capt. McBride was in charge of the squad. Chief Gunner Adamson placed the charges, and the third gunner set them off.

The thunderous detonations to which the terrified city listened all that dreadful Friday night meant the salvation of 200,000 people. A million dollars' worth of property, noble residences and worthless shacks, were blown to drifting dust, but that destruction broke the back of the fire, and sent the raging flames over their own charred path.

DYNAMITED A BLOCK DEEP.  
The whole east side of Van Ness avenue, from Golden Gate to Greenwich, was dynamited a block deep, though most of the structures stood untouched by spark or shrapnel. Not one charge failed. Not one building stood upon its foundation. Not one unit torch was left pointing skyward to carry the flames, as through gigantic chimneys, into the unburned district. Unless some second malicious miracle of nature reversed the direction of the brisk wind, the whole populous district to the west, black with fleeing refugees and unilluminated except by the disastrous glare from the burning waterfront, seemed safe at 9 o'clock.

AT SPRECKELS' PALACE.  
Van Ness avenue is flat as the earth on the east side. Every pound of gun cotton did its work, and though the ruins burned, it was not badly. From Golden Gate avenue north, the fire swept across the wide street, but in one place. That was the class Spreckels place on the corner of California street. There the flames were writhing up the walls before the three dynamites could reach it. Yet they made their way to the foundations, carrying their explosives, despite the furnace-like heat. The charge had to be placed so swiftly, and the fuse lit in such a hurry that the explosion was not without a cost from the trained viewpoint of

quills, comforters and blankets were distributed among those who have suffered intensely from the cold and exposure while sleeping in the open. Other wagons loaded with tents waited their way through the crowded parks and replaced many improvised shelters with waterproof canvas tents. As a result, there were but few complaints of suffering this morning.

RAIN IMPROVES SANITATION.  
While the heavy rain for the time being added much to the misery of the homeless, it did much toward improving the sanitary conditions throughout the city.

LAST NIGHT'S BRIEF QUAKE.  
The earthquake shock felt late last night momentarily created considerable alarm among the people, still unweary and overwrought from their recent experiences. No damage was caused, but in some few instances persons living in houses ran out, badly frightened, and called upon the sentries and guards to help carry out clothing and other effects. The soldiers reassured them that there was no danger, and that any other time the shock would have caused little harm.

UNCONSCIOUS MAN FOUND.  
Shortly after the slight tremor, an unconscious man was found in the sidewalk in front of a house at Golden Gate avenue, and Buchanan streets. He had evidently fallen or jumped from a window in his effort to get out of the house when it was shaken. He was taken to St. Paul's Emergency Hospital, in the Lutheran Church, at Gough and Eddy streets, where it was said that his injuries are not serious.

LIMITING THE SHOOTING.  
Following the unfortunate killing of Maj. H. C. Tilden of the general relief committee, Sunday night, by some self-constituted vigilantes, it is said that the citizens' patrol and all irresponsible guards will be disbanded, and the troops, both regular and militia, will be instructed not to shoot, except in case of extreme necessity. If the reckless action of some of the guards in the triple system of policing this city by three separate organizations, under independent commanders, which has caused conflict of authority and much confusion, has given rise to much complaint, the regulars, soldiers and marines have earned for themselves high commendation for their efficient work and the exercise of good judgment and

been found. It is feared that he has lost his life in the fire.

CAR LINES TO OPERATE.  
Several car lines are ready for operation, as soon as it is deemed safe to turn on the power. Many merchants are making arrangements for clearing the ruins of their buildings as rapidly as men can be secured, preparatory to commencing building operations. The situation is growing more cheerful and hopeful.

WIRE LINES.  
Eighty men of the Benicia Signal Corps have arrived, and are at work restoring the government telephone and telegraph systems. The telegraph companies will also commence restoring their lines as soon as material is on hand. The Home Telephone Com-

pany, which has been given a franchise, will begin work in the near future on their plant and telephone system. The company expects to spend something like four million dollars in the city within the next three years.

PORT MASON CONFERENCE.  
Gen. Funston, Gen. Greely, Mayor Schmitz and the Finance Committee of the General Relief Committee held an important conference at Fort Mason

on the order of Chief of Police Dinan this morning showed that all were intact.

Property Clerk Dinan has hopes that the valuables in the department are safe. The attaches of his office placed everything possible in the immediate vicinity of the vaults. These receptacles seem to be intact. Outside the vaults were warped and twisted by the heat, but the hope of the property clerk rests on the fact that the vaults are said to be fireproof.

DETECTIVES FROM CHICAGO.  
Commanding a company of ten detective sergeants identified with the Chicago Police Department, Lieut. John D. Hartford, reached the city shortly after noon today and reported

Commanding a company of ten detective sergeants identified with the Chicago Police Department, Lieut. John D. Hartford, reached the city shortly after noon today and reported

thing in the building was doomed to destruction. Detective-Sergeant Thomas Gibson took charge of the work of saving the records of the Identification Bureau. They were carried out into Portsmouth square, and when, during the night, the fire raged so fiercely that bodies of the dead in the square were scorched, Detective Gibson and his assistants stood by with wet blankets to cover the valuable papers and photographs, which could not be duplicated. The officers were driven from the square at last, but before going the records were covered with fire-proof material, and an inspection made

on the order of Chief of Police Dinan this morning showed that all were intact. Property Clerk Dinan has hopes that the valuables in the department are safe. for the disinterment of the body, and it now rests in the family vault.

SOUTHERN PACIFIC AID.  
As a welcome relief to the officials and the citizens of San Francisco who have looked upon the ruins of the city and upon the monstrous piles of bricks and stone and twisted iron that were once their homes and places of business is the announcement that the Southern Pacific Railroad will aid in every way with the work of clearing away the debris. The railroad officials are ready to build a track through the heart of the devastated city from Harrison street to the bay and run their flat cars in for the wreckage that must be removed before new buildings can arise and normal conditions be restored. In this great work it is announced that between 3000 and 4000 men will be employed. The railroad will carry the debris wherever the authorities want it taken, and by so doing will make possible the performance of the enormous task that has been terrifying to those who looked forward to it with the knowledge that it must be done, however tremendous. It is expected an application will be made immediately to the Supervisor of San Francisco for a franchise for this spur track.

HARRIMAN IN CHARGE.  
E. H. Harriman, president of the Southern Pacific Company, is here to inaugurate the work, and to see that it is faithfully performed. If the suggestion of the railroad men meets with favor at the hands of the city officials. At the meeting of bankers yesterday, Harriman stated that he would do all in his power and work with every resource at his command for the rebuilding of San Francisco and the preservation of the city's good name. His remarks to the bankers bolstered their hopes, and gave them new courage by contradicting, as it were, the rumors for several days prevalent that the railroad officers and interests would all be permanently removed to Oakland.

WILL GIVE EMPLOYMENT.  
In the clearance of the wreckage, the employment of several thousand men will in a great measure reunite scattered and separated families and enable them to earn their own living. Arrangements for the reconstruction of the new and greater San Francisco are rapidly crystallizing, and soon the sounds of building will be heard in every block of the devastated districts. The blowing-up of the ruins in the business section has already begun and is now well under way.

DANGER PASSING RAPIDLY.  
There will not be a dangerous ruin standing on Market street by this afternoon. A large squad of United States artillery men, assisted by the municipal authorities, have been dismantling all the tottering buildings and walls. This work has so far been confined to Market street, in order to open a safe artery from the outlying districts to the waterfront. The district north of Market street and the business section will receive the same treatment after Market street is clear.

STEEL FRAMES SAFE.  
A commission last Sunday investigated all the buildings left standing upon the main thoroughfare of the devastated city. It was ascertained that nearly all the steel frame structures had withstood the earthquake.

SAFE VAULTS.  
A safe expert, after a careful examination of the vaults in the burned district, says they are all right, but that several days before they can be opened, account of heavy rain which has covered by debris which will not be removed until perfectly cold.

WILD PRIVATEERS.  
Some excitement was caused by the wild behavior of a few State militia, who, although they were supposed to be under the command of Chief Dinan, whose name is Thomas, are now under arrest. It is believed that the militia were in a state of insubordination and that they were about to commit some act of violence.

THE CHIEF OF POLICE.  
Chief of Police Dinan, who has been in the city since the earthquake, is now in a state of insubordination and that they were about to commit some act of violence.

MUTUAL LIFE.  
The Mutual Life Insurance Company of New York, which has been in the city since the earthquake, is now in a state of insubordination and that they were about to commit some act of violence.

THE CONDEMNED.  
The condemned men in the city are now in a state of insubordination and that they were about to commit some act of violence.

FIND BOMB SET.  
A bomb was found in the city, and it is believed that it was set by some of the militia.

SHIPPING CAN BE MOVED.  
The embargo on merchant vessels has been removed and shipping can now be moved as usual. For the past few days, vessels of the Pacific squadron have been keeping vessels from leaving the port, but this restriction has been removed by orders from Admiral Goodrich, commander-in-chief of the Pacific squadron, to the shipping commissioner of the port.

BIG FORTIFICATIONS SUFFER.  
The big fortifications at the entrance to the Golden Gate did not escape from serious injury during the great shaking. The extent of the damage is as yet unknown, for nothing but a survey by the engineering corps can disclose the full extent of the damage. At Lime Point, the emplacements of the big guns have been cracked and twisted. The heavy concrete bolts on the floor and walls of the heavy emplacement, bear unmistakable evidence of having been given a bad shaking. GREAT GUNS USELESS.  
Conditions are said to be equally bad at the fortifications back of Old Point. As it is now, the great 13-inch guns on both sides of the gate constituting the main defense are practically useless. They were intended to do the work of the smaller guns, but their adjustment was so delicate that they were rendered useless by the earthquake.

Ballard's Pulmonary Sanatorium

Where Consumption Is Cured

The Ballard Pulmonary Sanatorium is the best equipped institution in this country for the treatment of all diseases of the lungs.

It has a greater power than any other known system is not a mere mechanical treatment for the lungs, but a combination of the most effective natural and artificial means for the cure of all diseases of the lungs.

the gunners. But, though the walls still stood, it was only an empty shell, and the ruins were a poor food for flames.

DEATH TRENCH FOR FLAMES.  
Capt. McBride's dynamiting squad realized that a stand was hopeless except on Van Ness avenue. They could have forced their explosives further in the burning section, but not a pound of gun cotton could be or was wasted. The ruined blocks along the wide thoroughfare formed a trench through the clustered structures that the conflagration, wild as it was, could not leap. Engines pumping brine through Fort Mason from the bay completed the little work that the gunpowder had left, but for four days the haggard-eyed firemen guarded the flickering ruins.

The desolate waste straight through the heart of the city is a mute witness to the whole calamity. Three men did this, and when their work was over and what stood of the city rested quietly for the first time they were ordered to save San Francisco, and they obeyed orders. Capt. McBride and his two gunners made history on that dreadful Friday night.

FOLLOWING YESTERDAY'S RAIN.  
Following the rain which fell Sunday night and yesterday morning, which greatly intensified the misery and suffering of the homeless people of this stricken city, last night was one of comparative comfort and of greatly-improved conditions. There was less suffering among the thousands of refugees camping under the blue canopy than at any time since the day of the terrible disaster. The condition of the people is constantly growing better.

Yesterday afternoon wagonloads of

discretion in dealing with the people under the present trying circumstances.

HUNDREDS OF MEN WORKING.  
The general conditions in the city are improving rapidly. Hundreds of men have been placed at work clearing the streets, and the dynamiting of the tottering walls left standing by the fire continued today. The Spring Valley Water Company has about one thousand men at work repairing and replacing broken water mains, and many portions of the residence section are now abundantly supplied with water.

COUNT DE LA ROCCA LOST.  
No trace of Count de la Rocca, the French Consul in this city, has yet

ferry, and the authorities will not permit express men to charge more than 50 cents for the delivery of a trunk and 25 cents for smaller baggage to any part of the city.

A number of young girls who have been stranded here, far away from relatives and friends, will be taken to their homes free of charge by the Santa Fe Railroad.

WORK OF THE POLICE.  
Chief of Police Dinan announced this morning that the reports of clashes between police and National Guardsmen were greatly exaggerated. The officers of the department are taking their regular details from the captains of their respective companies, and are doing patrol duty in conjunction

with the regulars. It is believed that every militiaman will be withdrawn from duty on the city streets. "As far as the police department is concerned," said Chief of Police Dinan, "we have endeavored to cooperate with the regulars in patrolling the streets and preserving order. We have had no clash with militiamen or the citizens' patrol; but there have been numerous complaints, resulting from over-sensitiveness of the guardsmen, by private citizens, and for that reason we have deemed it advisable to request the withdrawal of all bodies of troops not acting under the direct command of Gen. Funston."

POLICEMAN ALPERS FIRED ON.  
"Policeman Alperts, detailed to duty in an automobile, was fired upon by militiamen at Hayes street and Van Ness avenue shortly before midnight last night. He was speeding to headquarters and was challenged by regulars several times, but no effort was made to stop him until he came up against the militia patrol at Hayes and Van Ness. The patrol commenced to shoot before challenging the automobile party, and as the officer dashed by, four shots were fired by the excited guardsmen. Fortunately all were poor marksmen, and Alperts lived to tell his story to his company commander."

"Captain of Police Martin was warned by militiamen in his section, last night, that there must be no lights. He told the guards that the order was that lights should be permitted until 9 o'clock p. m., but the guard was obstinate, and the captain put in the evening without lights."

"It is just such little incidents as these that make the militiamen undesirable for patrol duty, and have called forth a vigorous protest from the citizens."

Capt. Edward Rettenhaus of the Marine Corps notified Chief of Police Dinan, last night, that liquor was being sold in a saloon and grocery at Fillmore and Fulton streets. Police Capt. Duke, with a platoon of policemen, accompanied Capt. Rettenhaus to the saloon and found the place closed. Capt. Rettenhaus insisted that the stock be destroyed, and when Police Capt. Duke explained that he had no authority to take such action, Rettenhaus became indignant, demanding his card and declared that Gen. Funston would be notified that a call had been made upon the police for aid in the destruction of a stock and that aid had been refused.

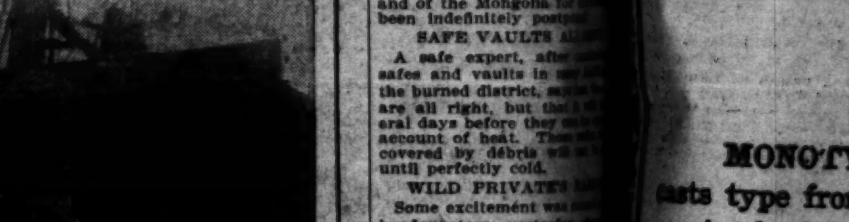

Serg. Donovan of the Municipal License Department has been requested by Chief Dinan to investigate the case, and if the conditions are as complained of by the military authorities, there will be no future permit to the saloon man who has disregarded the order to keep his place closed.

LUCKY JAP THIEF.  
Here is the story of one lucky Japanese thief who escaped the bullets of the military authorities, ran the gauntlet of the guard with his plunder, consisting of diamonds and jewels valued at \$1000, and then fell into the hands of the police.

Some time during the awful fire that raged during Thursday and Friday nights, the residence of Mrs. R. F. Beamer at No. 1415 Jones street was looted. Diamonds, jewelry, and other valuables were stolen. Last night he found it all where it had been searched by the Japanese looter, and concealed in his home at No. 2523 California street. The Japanese, who gave the name of S. Sasaki, was arrested by Detective Coleman, and is now held a civil prisoner charged with grand larceny.

Cheering news reached police headquarters, today, relative to the valuable records of the police since the earthquake. Photographs, Bertillon measurements and the record of every criminal in the city and many eastern and foreign prisoners have been saved from the ravages of the flames which swept through the Hall of Justice.

When it became apparent that every-

for duty to Chief of Police Dinan. The men with the lieutenant are John Duffy, John Tobin, Peter Fitzpatrick, William McGrath, Edward Flaherty, Anthony Nagle, Timothy D. Roche, James Fitzgerald and Michael Magner.

"We do not know what the purpose of Superintendent Collins was in sending us to San Francisco," said Lieut. Hartford this afternoon. "We only know that as soon as your great calamity was reported to us, the superintendent instructed us to prepare for the journey across the continent, and here we are, ready to do all that we can in cooperation with the local department in alleviating suffering and to prevent crime."

The heart of the nation has gone out to San Francisco in her suffering, and Chicago proposes to do all that any city can do to aid in feeding the hungry, sheltering the homeless and rebuilding your magnificent city. We are here to work, and Chief Dinan can command us for any duty he may see fit."

Chief of Police Dinan, with an expression of thanks to the representatives of Superintendent Collins, assigned the eastern officers to Captain Deten and Burnett's command. They will work with the local detective sergeants and will keep a special watch upon eastern crooks who are headed this way with an eye to wholesale looting.

FINDS HIS MOTHER'S BODY.  
Sergeant of Police Edward, who is suffering from consumption, has been searching the city since the earthquake shock for the body of his mother, whose death followed immediately after the awful seismic disturbance. At noon, he found her remains buried in a trench prepared by the soldiers out on the San Bruno road. The officer made arrangements

and although almost without exception, they had been gutted, the loss was in most cases confined to the contents.

SANITARY INSPECTION DISTRICT.  
The whole habitable part of San Francisco has been organized and districted for sanitary inspection purposes in the most thorough manner. There is no longer danger of epidemic, because the Health Department, working with the military, is prepared to handle anything of the sort before it becomes threatening.

SHIPPING CAN BE MOVED.  
The embargo on merchant vessels has been removed and shipping can now be moved as usual. For the past few days, vessels of the Pacific squadron have been keeping vessels from leaving the port, but this restriction has been removed by orders from Admiral Goodrich, commander-in-chief of the Pacific squadron, to the shipping commissioner of the port.

BIG FORTIFICATIONS SUFFER.  
The big fortifications at the entrance to the Golden Gate did not escape from serious injury during the great shaking. The extent of the damage is as yet unknown, for nothing but a survey by the engineering corps can disclose the full extent of the damage. At Lime Point, the emplacements of the big guns have been cracked and twisted. The heavy concrete bolts on the floor and walls of the heavy emplacement, bear unmistakable evidence of having been given a bad shaking. GREAT GUNS USELESS.  
Conditions are said to be equally bad at the fortifications back of Old Point. As it is now, the great 13-inch guns on both sides of the gate constituting the main defense are practically useless. They were intended to do the work of the smaller guns, but their adjustment was so delicate that they were rendered useless by the earthquake.

Ballard  
 Pulmonary  
 Sanatorium  
 Where Consumption  
 Is Cured

The Ballard Pulmonary Sanatorium is the best equipped institution in the country for the treatment of all diseases of the lungs.

It has a greater proportion of sunshine than any other known institution. The climate is not too hot or too cold, and the combination of the sea and the mountains for the cure of the lungs is unrivaled.

Pasadena, Cal.

Conjurer Mary and Deaconess Mary

Los Angeles Office: 222 Broadway, cor. Fourth and Broadway. Hours: 1 to 4 daily, except Sundays.

They weigh much, but their adjustment to the new life is so delicate as to be almost perfect. The earthquake damage, though the damage was great, it will take considerable labor before the big condition to do the work intended to work.

The Lime Point batteries are an immense bluff, some 100 feet above the sea. The here was exceedingly believed to have injured the men at this point more than any other.

REFUGEES THINKING OF leaving are rapidly increasing. Golden Gate Park and the city. The police estimated that about three thousand people had little depression of the spirits of the people in the tents. One man was in front of his tent, a coal-oil can, "Keep the detail of soldiers was sent. Mason this morning is at the Masonic Convention, papers from the Hall of the stored. All the records were lost, but those in the Convention were lost.

The teachers, principals, and the Board of Education for work. Buildings are able for school purposes, and in the order in the school, as they are ready to go.

ALASKA PACKERS REMIND the Alaska Packers' Association, business on the coast, where the loading of the will begin at once. The small within two weeks, and persons can get the removal of an officer of the removal will relieve the on to some extent. No made in provision the here. That will be the ports on the journey the Pacific Coast Company, City of Pueblo, which the iron works by the he raised in a few days of the liner Sonoma to the of the Mongolia for the indefinitely postponed.

SAFE VAULTS ALL RIGHT, safe expert, after examining the vaults in many buildings, burned district, says that they are all right, but that it will take days before they can be opened. The vaults are not perfectly cold.

WILD PRIVATE'S RANSOM, one excitement was caused by the behavior of a private, who attempted to shoot Harry Reynolds, a detective having planned the arrest of Chief Dinan. The name is Thomas P. Reynolds, under arrest at his quarters, and will be held until he can be investigated.

THE CHIEF ON FIRE, chief of Police Dinan, issued the following order to the commanders: "owing to the recklessness of the granted privilege of the, you are instructed to see that your command is to deal from the of any description, as necessary. There is no trouble of any kind to be this time."

MUTUAL LIFE TO REBUILD, Mutual Life Insurance Co. decided to rebuild its headquarters, Sacramento street, a bigger building. It will now cover the stage of the block on the corner, instead of a corner of the street.

THE CONDEMNED TOWER, the condemned tower of the city will be removed immediately. The tower is in the three lower stories, and will have to be strengthened with timbers before the removal can be safely done. The tower will be of reinforced concrete, and will be of reinforced concrete.

UNITED RAILROADS, within twenty-four hours, street car lines will be in the city, and the city districts will be in the city. The United Railroad Co. has tendered the system to Mayor Dwyer, and the people during the Free transportation of the people over the city for themselves.

AND BOMB SET FOR, APRIL 24.—A bomb was found from Montebello, Cal., today, near the found a bomb in the library of a villa, where he was spending their vacation. The bomb, it is added, was of an extremely deadly nature.

 point both inclusive

MONOTYPES IN OPERATION IN MANILLA, PHILIPPINE ISLANDS.

UNITED STATES  
 Government Printing  
 Office uses  
 100 MONOTYPES!

The MONOTYPE is the only mechanical substitute which produces work superior to hand composition. This machine has succeeded in its especial province because the principle of employment of individual type is the only one logically adapted to the needs of the general printing office.

Office of J. E. Cushing & Co.  
 Norwood, Mass. Oct. 20, 1900

Gentlemen:—I am sending you in a separate package, with my compliments, two photographs; one of our keyboard department with ten young ladies busy there, and one of the casting room showing the eight casting machines with the force which runs them. I thought perhaps these might be interesting to you. These young ladies are all doing mighty good work, and their proofs are quite as free from errors as those made from hand-set type.

You might be interested to know that a representative of the competing machine visited me yesterday for the purpose of convincing me that the Linotypes were, after all, the machines I needed. I think before he left for Boston I had about convinced him that the Monotype were by far the best machines for our purpose.

Very truly yours,

J. E. Cushing & Co.

FACSIMILE OF LETTER

The MONOTYPE, with its unequalled speed and efficiency, meets every demand of the great Metropolitan dailies. Because of its economy in operation, it is equally invaluable to the smallest country newspaper. For general office work it has no peer. Records of the United States Government Printing Office show the superiority of the MONOTYPE over all other machines in quality, quantity and accuracy.

## THE CITY IN BRIEF.

## NEWS AND BUSINESS.

## Odd Fellows' Commemoration.

Acme Lodge, No. 303, I.O.O.F., will commemorate the anniversary of the order at its hall, West Jefferson and Wesley streets, on Friday evening.

Only "Drunks" Tried.

Only "drunks" received the attention of the police justices yesterday, as the day was a legal holiday. All other cases were postponed until later in the week, when the dockets of the three courts will be crowded.

## Reception to Foster.

A reception will be given this evening to Rev. Lewis C. Foster, rector of St. John's Church, and wife, in the guild room of the church. The hours will be from 8 to 10 o'clock, and all members and friends of the parish are invited.

## Rite of Confirmation.

Bishop Johnson will perform the rite of confirmation at the Episcopal Church of the Ascension, Boyce Heights, this evening at 8 o'clock. This is the third time in a year that the bishop has honored the little parish by a visit.

## Clearwater Benefit.

Monday evening the Clearwater Library Hall was packed with an appreciative audience which enjoyed the program given for the benefit of the San Francisco sufferers. Fifty-nine dollars was gathered and sent to the Chamber of Commerce Relief Committee.

## Negroes Rob Chinaman.

Quang Hang Yuan reported to the police yesterday that he had been held up by two negroes at Aliso and Alameda streets and robbed of \$54. Fifty dollars was in gold, and the balance in silver. The robbers also took Yuan's silver watch, and then cautioned him to be quiet while they made their escape.

## Death of Mrs. Gowen.

Mrs. Minnie Gowen, wife of S. H. Gowen, former captain of police, No. 134 East Twenty-first street, died Sunday night after a lingering illness. Mrs. Gowen was well known as an active worker in the female branches of the various benevolent orders of the city, and during her lifetime accomplished much good. The funeral services will be conducted tomorrow afternoon at 2 o'clock in the parlors of the Connell-Untermyer-Crawford Undertaking Company, No. 1081 South Grand avenue. The Rev. Father O.E.S., and Rebekahs will attend.

## Students Accused of Frightening.

L. E. Hart of No. 34 Towne avenue called on the city prosecutor yesterday to secure a complaint against several students in the College of Dentistry of the University of Southern California. Hart alleges that the students locked his son, Lloyd, and 12 in the dissecting room and forced him to stay there a short time. A number of cadavers were lying on tables in the room, and the story he tells is that he went into the college carrying an extra edition and the students grabbed him and put him into the room with the cadavers. At the college the story was denied.

## GRATITUDE EXPRESSED.

Timely gift of Local Y.M.C.A. Fastly Acknowledged by Secretary McCoy of San Francisco.

At a dinner of the Executive Committee of the Young Men's Christian Association, last Wednesday, a fund of \$1000 was raised on the spur of the moment for the quick relief of the associations at San Francisco and San Jose. Arthur Lettis, president of the association, was immediately delegated to take it North and he left on the first train with a draft of \$1000 for San Francisco, and one of \$500 for San Jose.

Yesterday a letter was received by General Secretary Luther, written on Saturday morning by General Secretary McCoy of San Francisco. In this letter he states that the Y.M.C.A. building was one of the first to be destroyed by fire and he and his family are living in a single room, having retained all others to those who are homeless. He writes concerning the gift of \$1000:

"What a noble thing you all did, and the coming of your president crowned it all. He brought sunshine and hope to my sad and broken heart. The calamity both by earthquake and fire is simply indescribable. We hope the worst is over; the city is without water supply, however, and the least spark may ignite it again. We thank you again a thousand times for the money you love and trust and serve reward you all abundantly. The draft will be officially acknowledged as soon as I can find our directors, nearly every one of whom is homeless and business gone. Many of our wealthiest friends are practically homeless."

## CRAZED BY THEFT?

name Patient in Receiving Hospital Says He Did It to Save His Wife and Baby.

"I know I stole \$30. I'll admit that I stole it. But I took it to pay the rent with and keep Mary and the baby from starving. Mary asked me where I got the money and I told her I found it. She bought the baby a little pair of red shoes and herself a dress. Let me out and I'll pay the money back some day."

After shouting these words over and over to the bars, white walls, Thomas Carr, who lies in a cot at the Receiving Hospital, wanders in his speech and babble of unintelligible things until his mind comes around once more to the burden which placed him where he lies. Carr is violently crazy. His hands and feet are strapped tightly to the bed, and stout straps bind down his body. He was taken into the hospital Sunday afternoon in a demented condition, but seemed to recover rapidly, and the physicians discharged him. In a few hours he was taken in again in a worse condition than before, and since then has been making the hospital ward hideous with his cries and moans.

Carr became lucid last evening long enough to tell his name and that he had been working on the railroad in Santa Barbara. He had been out of work for a long time before that, he said. He said he had a mother and a sister, Katie, at No. 279 Orleans street, Chicago. His mind continues to dwell incessantly on the crime which he says he committed by stealing money to keep his wife and baby from want.

Agent Illinois Central R.R.; 23 South Spring.

## BREVITIES.

For the benefit of San Francisco sufferers, I will give all my commission on all policies written by me, without solicitation, in the Des Moines Life Insurance Co. for the next two weeks. All persons wanting insurance can do a good turn. O. E. Selzer, Dist. Mgr., 329 Merchants' Trust Bldg., 207 S. Broadway.

Double benefit for the San Francisco children, and founding a bed in children's hospital in Los Angeles, a musical tea will be given at the Woman's Club House, Wednesday, April 23, from 2 to 5 p.m. Tickets on sale at the door, also Fowler's Book Store, Birke's Musical Store and Blanchard Hall.

Our watches have earned a reputation as reliable timekeepers. We are selling them at a liberal discount because we are going out of the jewelry business. Joh. von Breton, 350 S. Broadway.

Banner Hires, No. 3, Ladies of L.O.T.M. will give a minstrel dance and whist party at New England Hall, 129 West Fifth street, for suffering Lady Macdonald of San Francisco.

Still selling splendid pictures, oil and water colors at cost, as we are retiring from business. The McClellan-Kanar Co. 1111 Winston St., below Main, between 4th and 5th.

For refugee babies—we will furnish free patterns to all those who are making up garments for San Francisco sufferers. Call Beaman & Handee, 347 South Broadway.

Dr. N. T. Hirtz, dentist, 360 Wilcox Bldg., has returned from Mexico and resumed his practice.

A 34-inch panorama of San Francisco ruins for sale at Graham Photo Co., 119 1/2 South Spring St.

Ladies can make their garments perfect. Rosenbly's College, 1400 W. 7th. Floor and furniture stain, best price. U. R. Bowers & Sons, 245 Main.

Furs. D. Bonoff, furrier, 213 S. B'way.

BIRTHS, DEATHS, MARRIAGES.

Deaths.

KELKKE. April 24, at her residence, No. 134 East Twenty-first street, died Sunday night after a lingering illness. Mrs. Gowen was well known as an active worker in the female branches of the various benevolent orders of the city, and during her lifetime accomplished much good. The funeral services will be conducted tomorrow afternoon at 2 o'clock in the parlors of the Connell-Untermyer-Crawford Undertaking Company, No. 1081 South Grand avenue. The Rev. Father O.E.S., and Rebekahs will attend.

the men's pavilion at Camp Angelus

Monday night when it opened.

The finest and costliest beds were se-

lected by the "roughnecks," and in

many instances the coverings from

other beds were confiscated to add to

the comfort of these wretches.

At the women's and children's build-

ings there was not sufficient bed cloth-

ing for those who were there, and the

attendants who were to sleep at the

park went without covering, that the

babies and women might be warm.

The cause of the shortage of bedding

was not known until yesterday morn-

ing.

## EVENTS IN LOCAL SOCIETY.

Monday evening will be the opening night of the new skating rink on South Grand avenue, and Mr. Morley will donate the entire proceeds of that night to the needy and stricken people of the North.

A large crowd of the young people will attend, and parties and couples will go in large numbers. The fact that the money is to swell the fund for the San Francisco sufferers will add to the patronage. Members of La Jeunesse Club, which is made up of about two-score of the young crowd, will attend in a body, with chaperones and a number of married friends. The young crowds planning to go include among others: Mr. and Mrs. Nathaniel Wilshire, Mr. and Mrs. John Poney, Mr. and Mrs. Chester Montgomery, Mr. and

Jon avenue has postponed the reception to have been given today in honor of Mrs. Eugene L. Swift, a visitor here.

**Miss Beulah's Talent.**  
Twelve-year-old Miss Beulah Heidt of No. 1122 Washington street is a little wonder of a pianist. A few evenings ago at the home of her parents, she delighted her friends with a musical. The home was trimmed with rare flowers and Miss Beulah gave evidence of more than passing talent. Though she is but twelve, her mastery of technique and expression are extremely fine. Among other numbers given were: "Brilliant Opus 24, No. 2," (Chopin); "Valse Opus 64, No. 1," (Chopin); "Valse Opus 64, No. 2," (Chopin); "As Matin," (Benjamin

the Polytechnic High School, which Miss Annetta attends.  
The color scheme of red and white was carried throughout the afternoon. The guests invited were: Misses Mary Maple, Beulah Bower, Georgia Brack, Ada Rupp, Minnie Wilbur, Esie Lyons, Martha Barry, Edna Benjamin, Blanche Grass, Venus Smith, Rosamond Freeman and Ruth Hoege.

**Mrs. Lacey Entertains.**  
Mrs. Henry R. Lacey of No. 590 South Burlington avenue, will entertain at cards this afternoon in honor of her house guest, Mrs. N. N. Nay, and her daughter, Miss Helen Nay. The latter being an intimate friend of Miss Louise Lacey. The affair is also planned as the formal introduction of Miss Lacey into society.

**Miss Coleman Feted.**  
A reception was given to Miss Edith Coleman of San Jose by her relatives and friends at the home of A. W. Wern, No. 1845 West Third street.

**Miss Whittington Engaged.**  
Mr. and Mrs. Joseph C. Whittington announce the engagement of their daughter, Miss Jessie Whittington, to Dr. Harry Le Cato Smith of Virginia. Miss Whittington is a charming girl and popular in the society. She met her betrothed while visiting her sister in Baltimore last summer. The wedding is to take place in June.

**Women's Orchestra to Play.**  
For the first time in three years, the Women's Orchestra will be heard in public tomorrow night. It will be in conjunction with the Treble Clef Club at Simpson Auditorium, the proceeds of which are to go to the San Francisco sufferers.

This concert is open to everybody and all are welcome. Usually the concerts are subscription affairs, but as this is to be a benefit, the public will be welcome. There are thirty-five members and they include Miss Cora Foy, who is the president of the orchestra, and Miss Edna Foy, mistress of violin, and the first violinists: Misses Grace Dering, Beatrice Atkins, Daisy Walters, Mabel Johnson, Beatie Chapin, Louis McMill, and Mrs. Clyde Martin; second violins: Misses Mary Mullins, Ruth Hamlin, Stanton, McDonald, Alice Miller and Mrs. Paul Heydenreich; and Mrs. Clara Smith; violas: Misses Florence Paine and Marion Norris; cellos: Mrs. C. Von Grofe, Mesdames, Mrs. Parker, Mrs. Reese and Miss Goldwater; double basses: Florence Langley and Virginia Miller; flutes: Misses Gertrude Jones and Helen Mead; oboes: Misses Perle, Gertrude, Jennie Jones, Miss Doyle and Mrs. Witzel; cornets: Mrs. Harry Cardell, Mrs. Rivers and Miss Eisenmayer; trombones: Misses Perle, Gertrude, Jennie Jones, Miss Doyle and Mrs. Witzel; piano, Miss Wilma Huntley. Many people do not realize how many instruments these clever women have, and under the direction of Harley Hamilton they do excellent work.

**Great Benefit.**  
The Fete Champetre, which is to be given on Saturday afternoon and evening at the De Longpre home at Hollywood, will be a fine affair, since so many of the city's elect and talented people are giving their services to it. Dr. W. A. Lamb is the master of ceremonies, and has planned innumerable pretty and interesting features.

A number of people have chosen their assistants, and Miss Ella Gardiner will preside over the tea booth, assisted by Misses Estelle Hearty, Maria Thresher, Fanny Dillon, Vivian Dillon, Elizabeth Richards and Rose Zobelstein. Miss Grace Rowley has the coffee booth and her assistants are Mrs. Paul Crippen, Mrs. Vallette, Miss Moschetti, Miss Rowena Hall and Miss Edith Kirkpatrick. Miss Helen Wells and Miss Houston Bishop have charge of the cigarette booth, and also of the post-office and telegraph booths. In the lemonade booth, Miss Gladys Williams will preside, assisted by Miss Leona Morgan and others. Mrs. J. A. Le Doux has charge of the flower booth, and has a host of pretty girl assistants, including Mrs. C. C. Tatum, Miss Pearl Volmer, Miss Helen McCutcheon, Miss Hartlett, Miss Demers, Miss Georgia Caswell, Miss Ethel Graham, Miss Anna Powers, Miss Marguerite Banks, Grace Baker, Florence and Adelaide Salmon, Agnes Bethune, Bonita Bowen, Edith and Poney, Wiltaker, Lena Reed, Gerna Vander Voort, Rebecca Smith, Florence Clark, Louise Hill, Frances and Joseph Parks and Misses Martha Susan and Therese Durner. Masters Hancock and George Banning and Jack Wells and Murray Morgan will have charge of the ponies and donkeys to give the children all the rides they can wish for.

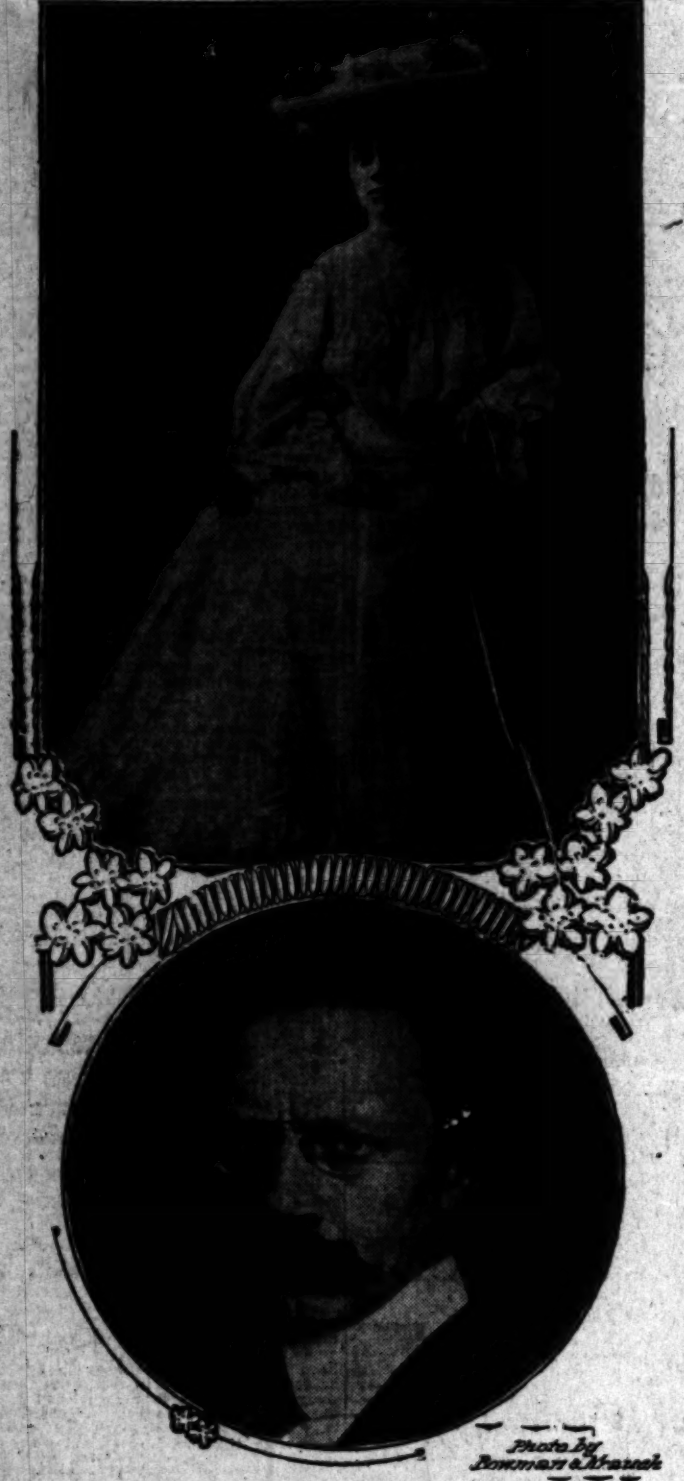

The programme which Chaffarelli and his band of sixty splendid musicians are arranging to give is a fine one, and includes: "Overture," "Orpheus" (Offenbach); "The Indian March" (Chaffarelli); "Souvenir Los Angeles" (Paul de Longpre); "Carmen" (Bizet); "Star Spangled Banner"; "Marsellaise" (Italian Hymn); "The Tie of the Mill" (Paul de Longpre); "Prince of Pilsen" (Luders); "Immortality" (Chaffarelli); "My Maryland"; "Faust Waltz" (Gounod); "La Paloma"; "U. S. National March" (De Longpre); "La Traviata"; "American Patrol" (Mitchem). The music will be given afternoon and evening.

**Foy's Cousin Here.**  
Charles W. Foy and his wife came down from San Francisco Monday, and Mrs. Foy is staying with Mrs. Samuel Calvert Foy, a cousin of her husband, while Mr. Foy has gone back to the Lang estate, owned by H. S. Williams. The Hamburgers made overtures to both these owners for a fifty-year lease, so that they might construct a building covering the entire block, but neither of these owners would consent to a lease.

Three months ago, Mr. Hamburger said, he offered to bet the president of one of the largest savings institutions in San Francisco that Los Angeles in ten years would have more population than San Francisco. The proposition was ridiculed, but he now believes the time could be out down to five years. He thinks Los Angeles is destined to be the greatest city west of Chicago, and twenty years from now it will extend from the mountains to the sea.

**Shoe Horses for Charity.**  
Tucker Brothers, horseholders at No. 877 South Los Angeles street, will show horses all day tomorrow for the benefit of the San Francisco sufferers. The entire receipts will go to the fund. Four horseholders will be on duty, and cash only will be accepted.

**Miss Annetta Hoegge.**  
Miss Annetta Hoegge entertained a few of her friends Saturday afternoon, the occasion being her seventeenth birthday. The beautiful Hoegge home was decorated with potted ferns, sweet peas and carnations. Games were enjoyed during the afternoon, after which luncheon was served. The place cards were souvenir postal cards of

Mrs. M. Hennion Robinson and Franz Robert Leischner, eminent Austrian pianist, who will play today at the Women's Clubhouse for the benefit of northern earthquake sufferers.

Mrs. Warren Carhart, Misses Adele Brodbeck, Pearl Seely, Louise Burk, Miss Seward of New York, Frances Coulter, Jane Campbell, Leola Allen, Cecil Badgley, Doolin, Cynthia Fay, Kie Christin and Nancy Marsh and Messrs. Kingsley Macomber, Carlton Burke, Bob Neumadt, Harry Anderson, D. C. Wallace, Jr., Charlie Seylor, Volney Howard, Norwood Howard, Raymond Moore, Fred Phelps, Earl Dyas, Adolph Schwartz, Winthrop Blackstone, Bob Dempster, Roy Ward, Frank Woodbury and George Cline.

**Miss Lockwood Engaged.**  
Mr. and Mrs. Charles R. Lockwood of No. 2322 Brighton avenue announce the engagement of their daughter, Miss Emma Frances Lockwood, to J. Dolph Klarquist. The marriage is to take place on Friday evening, May 25.

**La Jeunesse Dance.**  
Members of La Jeunesse Club and their friends enjoyed an informal hop at Kramer's Hall last evening. Young bachelors in charge. Included: Roy Ward, Berna Dyas, Clark Briggs, Frank Woodbury and Adolph Schwartz.

**Pollocks Return.**  
Mr. and Mrs. Frank Pollock, the talented young couple who visited ex-Senator and Mrs. J. P. Jones of Santa Monica last year, were in San Francisco at the time of the disaster and are in this city now, after a terrible experience in the North.

**Card Party at Ebels.**  
Mrs. Edward C. Dieter and Mrs. Charles Burham have issued invitations for a large card party to be given at the Ebels Clubhouse, on Saturday afternoon, May 5.

**Miss Morris Weds.**  
Of much local interest was the wedding of pretty Miss Emma Nelson Morris and Karl Walter Mueller, which was celebrated yesterday at 3 o'clock in the First Christian Church before members of the immediate families only. Rev. A. C. Smith officiated at the pretty ceremony. The bride was gown in a simple traveling suit of silvery gray with hat to match and carried white flowers. There were no attendants. Both bride and groom are popular among a wide circle of friends and it was a disappointment that they should be chosen to have their nuptials so quiet. The bride is a daughter of Mr. and Mrs. S. D. Morris of West Seventh street, and is a lovely girl. Mr. Mueller is connected with one of the city banks. On their return from their honeymoon they will be at home to their friends after May 15 at No. 657 Burlington avenue.

**Mrs. Viven's Tea Postponed.**  
Owing to the disaster in San Francisco, Mrs. M. K. Viven of South Un-

Godard; Valse, Opus 78, 1 and 2, (Chopin); Idyll, (after Goethe), Opus 28, (McDowell); Second Valse, (Benjamin Godard). As will be seen, all the music was of a highly classical order and extremely difficult for older fingers. These young ones did their work well and were roundly applauded.

**Leischner to Play.**  
At the benefit musical which the Mother's Congress is giving today at the Ebels Clubhouse, is a splendid one and that Franz Robert Leischner, the Austrian pianist has been secured and gladly donated his services to a draw ing card. Tom Karl is another artist who will delight the guests.

**Seventeenth Birthday.**  
Miss Annetta Hoegge entertained a few of her friends Saturday afternoon, the occasion being her seventeenth birthday. The beautiful Hoegge home was decorated with potted ferns, sweet peas and carnations. Games were enjoyed during the afternoon, after which luncheon was served. The place cards were souvenir postal cards of

Miss Beulah Heidt, young prodigy.

## Vose A Piano

Of Sympathetic Tone

## LEASE FRONTAGE

Hamburger Company Gets Sixty More Feet for Fifty Years for Their New Store.  
The Hamburger Realty and Trust Company has leased from the Lang estate the sixty feet south of the site of their department store on Broadway, between Eighth and Ninth streets, for a period of fifty years, commencing with January 1, 1937, at which time they intend commencing the erection of a building in size and appearance similar to the new store now building.

D. A. Hamburger, president of the company, speaking of the plans, said that with this lease they now own all the property in that block, with the exception of 115 feet on the northwest corner of Ninth and Broadway, owned by J. D. Hooker, and forty-two feet just south of the sixty feet leased from the Lang estate, owned by H. S. Williams. The Hamburgers made overtures to both these owners for a fifty-year lease, so that they might construct a building covering the entire block, but neither of these owners would consent to a lease.

Three months ago, Mr. Hamburger said, he offered to bet the president of one of the largest savings institutions in San Francisco that Los Angeles in ten years would have more population than San Francisco. The proposition was ridiculed, but he now believes the time could be out down to five years. He thinks Los Angeles is destined to be the greatest city west of Chicago, and twenty years from now it will extend from the mountains to the sea.

tunity of seeing more top-notch fighters in one squad than ever before assembled anywhere, and during the time the Jeffries' stunt was going on, the auto procession was traversing the street all business was practically suspended. The street gamin was in his glory and was present in squadrons.

STREET GAMIN'S VIEW.

One small boy stood on the corner. He wore a red striped sweater. He was

down the street, but the thief had been witnessed by Special Officer Gadden, who called Morse's attention to his loss. Gadden stopped the Mexican at Second and Broadway and found the watch on his person. Gadden accompanied by Morse then marched the man to the Police Station where he was locked up on a charge of grand larceny. The Mexican gave the name of J. Serello. He was armed with a murderous looking knife.

## AID FLOWS NOW TO CITY RELIEF CAMPS.

*While Attention is Turned for Time From North, the Need of Supplies for Local Use by Citizens' and Women's Committees Still Presses.*

VAST quantities of supplies from the Citizens' Relief Committee, with headquarters at today's Chamber of Commerce, are being distributed to points throughout the city, where thousands of refugees are located. With the exception of one carload of perishable goods, nothing went north yesterday except full carloads of staples. There was a carload of coffee, one of sugar, one of lemons and one of prunes. Innumerable carloads of supplies of all kinds await the call for the committee at San Francisco and Oakland.

A most substantial shipment went to James D. Phelan at Oakland in the shape of \$7000, all in \$1 and \$2 bills, a convenient form for speedy relief. The Mayor of Berkeley also received \$2000 in the same form. The cash fund was increased by \$20,857.54 yesterday, making the grand total received by the Citizens' Relief Committee \$157,702.14.

D. J. Desmond, who has gone north to set up mass camps for the destitute, under the auspices of this committee, yesterday sent the following telegram:

"Things are so badly congested that our first meals will be served tonight. City of San Francisco is greatly pleased over this move. Am going to scatter our five camps in five different parks in the city."

A call has come to the committee for a supply of medicines of almost every description, the list having been supplied by the officers of the United States Army.

FOR LOCAL CAMPS.

Today supplies will be sent to the new detention camp near Burbank, and a large additional demand will come from Camp Angeles. Yesterday the reception of refugees was entirely suspended to the Native Sons, all men being sent to Camp Angeles and all women and children distributed to the various church centers, and thence dispersed over the city.

To Hollywood, which is sent in a constant stream of supplies, notified the committee that there was a fund of \$100 on hand at its call.

Notice was received that a party of forty refugees would arrive at Santa Monica today by boat. They will be inspected and taken to the Hotel at Playa del Rey, which has been offered by the Pierce Excursion Company.

The Executive Committee of the Citizens' Relief Committee met yesterday and asked that employers and employees get together and agree to turn over to the fund one day's wages of all employees.

A committee was appointed to audit the accounts and pass upon the invoices by the purchasing committee. It was decided to issue a souvenir containing the names of all subscribers to the fund of the committee, giving full statement of the receipts and expenditures. A copy will be sent each subscriber. Those who have not their addresses are requested to send them to the Chamber of Commerce on postal cards.

FRUIT FOR RELIEF.

From the office of the California Fruit Exchange it was given out yesterday that 100 boxes of oranges had been sold in eastern markets at auction for the benefit of the refugees, and some instances at fabulous prices, the gross amount received having been \$12,418. The highest price was realized for New Orleans, where they brought \$1.14 per box; Cincinnati followed with \$1.11 per box, and Pittsburg, \$1.10 per box. New York, St. Louis, Cleveland, Boston and Chicago also made sales at lower prices.

All these sales were authorized by the exchange for the benefit of the relief fund, and sales yet to be made under the same order in Philadelphia and London will bring the fund from this source to about \$15,000.

NO TIME TO STOP.

It must not be supposed that because there is a cessation temporarily in shipping supplies to the north that the giving can stop. All kinds of supplies poured in yesterday in great quantities, and as they came they were examined, resorted and carefully stored, ready to meet telegraphic orders. The home demand is becoming enormous, and every day it will grow greater.

A real heart-breaker was among the supplies received yesterday. It was a box filled with cans of condensed milk, given in the name of four children: Kelsmann-Regina, aged 12; John, aged 10; Wesley, aged 8; and Harold, aged 4. It bore the following inscription: "This box came from Santa Clara thirty-two years ago. It was used as a sewing-box by my great-grandmother in San Francisco. I am now using it to send food for relief of the stricken city."

WOMEN'S HEADQUARTERS.

The women's Relief Committee was given yesterday the fine big assembly room in the gallery of the Chamber of Commerce, and the connecting offices, as quarters for the reception and distribution of clothing, and for directing their relief operations in general.

The business of the committee is in the hands of Mrs. R. M. Widney, president; Mrs. George C. Williams, secretary; Mrs. Edward Neisser, assistant secretary. Phones: Home 7991, Main 1023.

Scarcely had the rooms been opened when they were flooded with supplies and filled with people. All supplies of clothing now reaching the Chamber of Commerce will be delivered to the women.

One of the first callers was a woman who said she had room for a sick woman at her house should she appear and ask for help. Within two hours an official called and stated that he had a case on his hands that gave him great concern. He explained the situation. The refugee was at once sent to the woman who gave the address and today she will be entertaining two refugees instead of one.

Persons willing to take women into their homes under these conditions are requested to leave their addresses and these knowing of cases demanding delicate care are asked to report them to this committee. The committee also needs baby clothes. Those willing to take children are asked to call, many having having been born yesterday. Persons needing employment are asked to register, as well as those needing help.

WARD ORGANIZATION.

The women are thoroughly organized in every ward in the city and have set apart a day for the collection of supplies from each ward. They have been authorized by the Chamber of Commerce to purchase supplies demanded by emergency cases when nothing has been contributed to meet the demand, and the committee is needed and when such apply to the committee they are directed to the chairman of the precinct committee in their own ward.

Today the supplies will be gathered in the Fifth Ward, of which Mrs. W. F. Callender is chairman, and will be taken direct to Camp Angeles in Agricultural Park, which is located in that ward, and such as are not needed there will be brought to headquarters.

Tomorrow the Fourth Ward, Mrs. Jules Kaufman, chairman, will be

packed over, and persons having contributions may save themselves and all others trouble, by communicating with the following precinct chairmen: Precinct 28, Mrs. E. Gerson, No. 718 Washington; 29, Mrs. J. Sunderland, No. 1811 South Flower; 40, Mrs. C. C. Cohn, No. 942 Potter Park; and Miss Herbert, No. 1018 West Eighth; 41, Mrs. Wilson, No. 720 Westlake avenue; 42, Mrs. J. A. Reeves, No. 921 Olive; 43, Mrs. Fenderly, Precinct 44, Mrs. Fenderly, Precinct 45, Mrs. Fenderly, Precinct 46, Mrs. Fenderly, Precinct 47, Mrs. Fenderly, Precinct 48, Mrs. Fenderly, Precinct 49, Mrs. formation regarding the losses. In most cases the agents reported that all the maps and other records of insurance at the agencies were in vaults which cannot be reached on account of the fire in the ruins of the buildings. In the absence of more definite information than was on file in the New York offices, insurance men would make no estimate of the losses of the companies, yesterday. The belief seemed to be gaining ground, however, that the insurance losses would not reach the high estimates of last week, and probably would be below \$125,000,000.

**LIFE COMPANIES SUFFER.**  
All the records of the San Francisco offices having been destroyed in the earthquake, the Equitable, the New York and the Mutual Life insurance companies have a large force of men at work at the home offices copying the duplicate records.

None of the companies has any indication as to just what their death losses will be. It is understood proofs of death will be simplified as much as possible so that the beneficiaries who need the money may get it with the least possible delay.

All the big life insurance companies, it is said, have extended the time for payment of premiums on San Francisco policies for sixty days.

**MUST SWEAR TO LOSSES.**  
BY THE ASSOCIATED PRESS.—ALBANY (N. Y.) April 24.—The State Superintendent of Insurance yesterday announced his intention of calling up on every fire insurance corporation doing business in this State for a sworn statement of its losses in the recent California catastrophe.

**LOCAL AGENTS NOTIFIED.**  
As an aftermath to the decision of the board of underwriters in San Francisco to pay all fire-loss claims without quibbling as to difference between losses by fire or earthquake, a number of companies have notified their Los Angeles agents that they

stand ready to pay over all claims immediately. Charles E. Gillon, resident agent of the Liverpool and London and Globe Insurance Company in this city, has been advised from San Francisco that the losses sustained by this company in the fire in the northern city will aggregate \$7,500,000. Mr. Gillon has been advised by cable from the home offices of the company in London that this amount will be paid in full immediately, and that no distinction between fire and earthquake losses will be made.

A. C. Gosh & Co. of this city, who represent the Prussian National Insurance Company of Berlin, Germany, has received word from the same office that all losses sustained by the company in the disaster in San Francisco will be paid without delay and that the company would continue to solicit business in America.

**DRINKING BOUT, DEADLY CRUSH.**  
TRAIN KILLS A PATRON OF ARCADIA'S SALOONS.

Following a Carousal Among the Gin Mills of "Lucky" Baldwin's Dummy City Man is Found Dead on the Santa Fe Railroad Track. Coroner Will Investigate.

**SPECIAL CORRESPONDENCE OF THE TIMES.**  
PASADENA, April 24.—Joseph Kennedy, a resident of Arcadia, was struck by a Santa Fe train about half way between Arcadia and Santa Anita and instantly killed some time last night. When the accident occurred is not known, but this morning about 2 o'clock the crew of a passing train saw what they at first thought was a bundle of old clothes lying beside the track, and, on investigating, discovered it to be the body of a man. The station agent was notified, and about 8 o'clock this morning Ives & Warren's ambulance was sent out and the body brought to Pasadena.

This is the ending of a spree of young fellows whose day of carousing took in most of the joints of "Lucky" Baldwin's wide-open town.

From Ben Newman's on Sunday night to Johnson's resort and the Coursing Park saloon, on Monday, the spree went back and forth. At two of the places some pretty rough mix-ups were reported, though Marshal Berdie was unable to gather any evidence of foul play. In an interview with the young men today the officer could get a clean statement from them up to about 5 o'clock Monday evening. All else after that is blank.

The last seen of Kennedy was when he left the Coursing Park saloon about 6 o'clock. It is presumed he started to walk on the railroad track to his home at Santa Anita and, overcome by stupor, lay down by the track or on it. An extra, west-bound passenger ran him down about midnight. The conductor notified the San Bernardino office and the Coroner at Los Angeles. Marshal Berdie identified the remains as those of Joe Kennedy and gently broke the news to his mother and brother at Santa Anita. Kennedy was about 30 years old. The inquest will be held tomorrow morning.

**WELLMAN STARTS FOR EUROPE.**  
NEW YORK, April 24.—Walter Wellman, who will attempt to reach the North Pole by balloon, sailed for Europe today.

Free Ride to Redondo Every day—By Electric Line—Every twenty minutes—Come one! Come all! Get your free Electric R.R. tickets at our office 124 South Broadway—Ground floor Chamber of Commerce Bldg.—\$4.00 Down—\$4.00 per month—No Interest—No Taxes—

### OAKLAND RUSHES TO GET SUNDAY TIMES.

(BY DIRECT WIRE TO THE TIMES.)

OAKLAND, April 24.—[Exclusive Dispatch.] The advent of the Sunday Times into Oakland today created a small-sized riot before the wagon, piled high with papers, pulled up before the office, No. 578 Broadway, the crowd began to surge forward in an endeavor to secure the papers. Some time the papers could be safely taken into the office. As the papers were supplied with armfuls. They rushed to the top of their voices: "Los Angeles Times, the best in the United States! Full account of big fire!" The little merchants sold out before they had gone a block.

Understanding the large number of copies received, the pile of papers was increased. In fifteen minutes, the fifty or more boys had cleared the business district, and within twenty minutes not a paper was left.

On the balance of the day numbers of people visited The Times office in the hope of being able to secure copies. One paper kept a copy of the paper for the purpose of being able to supply the demand for the paper.

There has been the first outside newspaper to reach this section of the San Francisco tragedy. The Times photographs are the finest ever published.

# THE WEATHER.

## COMPARATIVE TEMPERATURES.

City	High	Low	City	High	Low	City	High	Low
Los Angeles	64	44	New York	60	44	San Francisco	60	44
Pittsburgh	60	40	Chicago	58	40	St. Louis	58	40
San Antonio	60	40	Portland	58	40	Seattle	58	40

The maximum is for day before yesterday; the minimum is for the day before yesterday; the average temperature for the two days.

**Yesterday's Forecast and Report.**  
U. S. WEATHER BUREAU, Los Angeles, April 23.—(Reported by George E. Franklin, Los Angeles.) At 5 o'clock a.m. the thermometer registered 54 deg.; at 8 a.m. 56 deg.; at 11 a.m. 58 deg.; at 2 p.m. 60 deg.; at 5 p.m. 62 deg.; at 8 p.m. 60 deg.; at 11 p.m. 58 deg. Maximum temperature, 64 deg.; minimum, 44 deg. Wind, light, variable; velocity, 12 miles. Maximum humidity, 80 per cent. At 8 a.m. a light breeze from the west, with a cool wave, is central in the Los Angeles valley. Low temperatures are reported from the Ohio Valley to the New England States, and light to killing frosts occurred this morning from Tennessee and Ohio to Western New York. No reports were received this morning from stations west of the Rocky Mountains. The local conditions are favorable for fair weather in this vicinity tonight and Wednesday, with the wind mostly from the west.

## NEW BANK BUILDING SEVENTEEN STORIES.

[BY THE ASSOCIATED PRESS.—A.M.]

SAN FRANCISCO, April 24.—Seventeen stories will be the height of a new building to be erected by the Humboldt Bank. Two months ago, plans were approved and contracts let for the building, and the steel for construction is already on the way west from eastern agents of the contractors.

The site is on the south side of Market street, 100 feet east of Fourth. The site cost \$400,000, and is held by its owner to have every cent of its original value today.

The building will cost \$500,000. The construction will be of steel and terra cotta. In its lines, the building will be one of the finest that San Franciscans have seen.

G. D. Dake to John H. Dake, lots 41 and 42, Arlington & Fourth-avenue tract, 110.

A. L. Kneass, lot 4, block 2, Artesian tract, 110.

# JAP-A-LAC

A STAIN AND VARNISH COMBINED

## WHEN YOU DO YOUR HOUSECLEANING

or when you move, you are particular to have everything as clean and fresh looking as possible. You eradicate every germ about your house at that time.

Dust and dirt breed germs, and to be sure of having everything sanitary, you should use liberal quantities of JAP-A-LAC.

JAP-A-LAC is the particular housewife's hobby. It makes sanitary, everything to which it is applied. It is a stain and varnish of the highest grade. It is made in sixteen beautiful colors, and anyone can apply it. It is for general use about the house in rejuvenating dilapidated furniture, scuffed and marred floors, and all articles of wood or metal.

It is put up in convenient self-sealing cans at prices from 15c to \$2.50. Use what you need for a job, seal up the can, and when you open it again, you will find the JAP-A-LAC as fresh and good as ever.

Now is the time to JAP-A-LAC your Refrigerator, Window and Door Screens, Porch Furniture and Weather-beaten Doors.

Ask your Paint, Hardware or Drug Dealer about JAP-A-LAC—he has it, or can get it. All sizes from 15c to \$2.50.

CHAIRS

WOODWORK

## JAP-A-LAC

Ox-Blood Red, Malachite Green, Oak or Natural.

## Porch Furniture

becomes dull and marred in one season's use. JAP-A-LAC should be applied every spring before the furniture is put upon the porch. The beautiful colors of JAP-A-LAC will permit of a solid red, green or natural throughout, or you can vary the colors and produce an harmonious, artistic effect, which will be pleasing to the eye of the most fastidious critic. Never put an old piece of porch furniture out without first going over it with JAP-A-LAC. Springtime and summer pleasures are those of the porch. Why not make your porch as cosy and bright as the best room in your house? You can do it with JAP-A-LAC. Ask your paint dealer about it.

## A WARNING AGAINST THE DEALER WHO SUBSTITUTES

A dealer in a large city told our Advertising Manager that he was the "arch substitutor" and proud of it.

"Why", said he, "people don't know what they want. When they ask for JAP-A-LAC, I tell them it's no good, that I have something better. If they insist on JAP-A-LAC, I show them the contents of an old can of JAP-A-LAC I have had open for years, and from which the pure turpentine has been allowed to evaporate. Then I have no difficulty."

Fine dealer, that fellow. Would you trade with him, if you knew who he is? We think not.

If you contemplate building a home, insist on having OLDDEN'S GREEN LABEL VARNISHES used. They are the standard of quality. Descriptive price list mailed on application.

The Oldden Varnish Co.  
Rockefeller Building, Cleveland, O.

# NET Profit 300 Per Cent.

August 19, 1905, Mrs. Louis Wetzel bought Lot 38, BOWEN & DOLTON'S MAIN STREET BOULEVARD TRACT, for \$1000.00. April 16, 1906, Mrs. Wetzel sold this lot for \$1500.00. Net profit.....\$500.00.
